Summer, like winter...

## The pleasure remains the same

Leukerbad is the ideal all-year-round holiday destination! Whether in winter, to enjoy the snow, or in summer, to breathe the fresh mountain air and enjoy the pleasant temperatures, this charming Valais resort set in the heart of the Swiss Alps offers numerous activities to participate in, no matter what the season. But its main attraction obviously lies in its thermal baths, the benefits of which are widely known.

“Les Sources des Alpes Hotel & Spa” has the privilege of having its own thermal water source feeding its open-air swimming pool - the establishment’s jewel in the crown thanks to its idyllic green setting facing the impressive Gemmi cliffs. The indoor pool is also ideal for lounging in all weathers, while admiring the view of the surrounding peaks through its large bay windows.

## The benefits of the mountain

Although the thermal water in the baths is at 36°C, it springs from the ground at 51°C! This is due to the slow journey of the rain through the rocky walls of the mountains to a depth of up to a thousand metres, before rising naturally to the surface and flowing into the baths. For nearly 40 years, it has been enriched with precious minerals and trace elements that give it the healing and therapeutic properties we all know. A true miracle of nature!

Next to the baths, the Spa also invites you to relax and pamper yourself. A beauty centre, a chalet with hammam and sauna, a rest-room and a fitness room - benefiting from natural daylight - extend over 900sqm.

Our team of professionals is there to offer you a wide range of therapeutic and aesthetic treatments. And for a revitalising stay, nothing beats our cures and our meditation retreats!

## Comfort & elegance

Each of the 30 bedrooms, junior suites and suites, has a balcony overlooking the village or the garden. Spacious and comfortable, they all have a shower and a bathtub as well as a separate toilet.

Opened in 1834, the 5-star establishment has a long and prestigious history, giving it a unique atmosphere that everyone likes to enjoy in its various places of life.

## Meeting, incentive & team building

Organise your meeting or seminar in the warm atmosphere of our suites, while offering your clients or employees a unique place combining hydrotherapy and the friendliness of a small hotel!

We are at your disposal to ensure the organisation and smooth running of your event, from the transfer in a minivan to the rental of equipment.

## Bistronomy

At the “La Malvoisie” restaurant, our Chef will introduce you to his contemporary and authentic cuisine, highlighting local and seasonal products. Our refined dishes are, of course, accompanied by the best wines, on the advice of our sommelier. A culinary experience you will never forget!

## Cheers!

Alexandre Dumas, Leo Tolstoy and Charlie Chaplin - to name just a few - appreciated the cosy atmosphere of our bar “La Barrique” to enjoy a good wine, whisky or cocktail by the fire against a melodious piano background. Come and enjoy the atmosphere!

## For romantics...

Formerly the location of the kitchens, the vaulted cellar now plays host to our selection of local wines and wines from all around the world. This atypical place sometimes welcomes lovers in search of privacy, during a candlelit dinner.
